

COMMUNICATING YOUR FAITH TO YOUR NEED

Prayers

Lord, you deserve the glory. Welcome to our house, into our being, into our life. Do this gathering together. Do this fellowship with God. We trust you are with us. We know you are with us. May your glory be felt. May you be magnified, Lord. May you be exalted, O God. Take the praise. Take the honour. Take the adoration. God, as you bless us through this service today, thank you for grace to be with one another. In Jesus' great name, we pray.

End of Prayers

I want to share what I call “*communicating your faith to your need*”. Communicating your faith to your need. Everyone wants to get answers to their needs. But I know most of us that when we are in trouble and we need an answer, we forget that we have faith that can bring our need to us. We start figuring with our head the solutions, I know A, I know B, I know C, I know where to go to. When this world fails us, there is a God to call upon. There is a word of God to use. There is God's word to use. You wake up in the morning, I still tell people today, if for example you wake up in the morning and you have no food in your fridge, in your freezer, in your house, or your job is no longer there, how will you communicate? How will you carry yourself? Or you wake up in the morning, you get married, you didn't have the children you needed, you didn't come. Or things are delayed in your personal life. Answers are not there. How do you communicate? It is very important how we deal with life issues as God's own people. Because the way we deal with life is not the way the world deals with life. The Bible says in **1 John 5**, I want to read from **verse 3 to 5**. Says, *for this is the love of God, that we keep his commandments. And*

his commandments are not burdensome. For whatever is born of God over cometh the world, and this is the victory that over cometh the world, even our faith. Who is he that over cometh the world, but he that believeth that Jesus is the Son of God". To overcome the world's system, we live in the world, the world has a system, how things are run how things are done. But in the midst of this world-placed system that are run, some of them does not work with our faith. And when you follow them the way they are, as a child of God, you run into issues. When the world has problems, that is where we are sorting it out. But we have to know we have a way of sorting ourselves out. I've always had this concept in my journey as a child of God. Take for example, every nation has an ambassador in most nations where they have a friendship or relation with their neighbour. If that nation where the ambassador is, is having a problem, the ambassador doesn't share in their problem. He shares life from the country of the sending. That is because the country where he is dying of hunger, the ambassador will be dying of hunger. The ambassador will be dying of hunger because the country where he is placed is dying of hunger. Everyone has different troubles. He will be a part of their problems. Instead, his country of the sending will be sending the help needed to keep that ambassador and the people who work with him in good order to live their life and do things which are required of them. That is how things are done. That is why some years ago, somebody was to be expatriated to another country of the world. They ran to one of these embassies, and in that embassy, what did they do? They ended up ensuring that the person was protected because the embassy is a country of the sending country. You don't just break into that place because there's security and safety in that environment. That's also what it is when it comes to us. God has a special care for his people. We are God's ambassadors. Where you live, where you stay is an embassy of God for you. No matter what's happening around

you, God designs that you live in health and live in safety. During this pandemic right now in the world, you came from heaven through your parents into this world. You're not of this world. You have that consciousness, I'm not of this world. I came from God. I didn't come from my parents. My parents is just a measure of God to bring me to this world. When you have that concept with God, you find out that at the end of the day, whatever is happening in the world must not directly affect you as a child of God. But when you allow yourself to be overwhelmed by the world, then the system of the world will also bring you down as the world goes down. But when you stay by the word of God, the world system don't bring you down. When somebody in this part of this country ran into one of the embassies some years back, the embassy was a country of its own. The police of this country couldn't get into that embassy and do anything because that embassy is a secure place for that person to enter the place. And the person was in safe custody. And the person walked out of that place and he was caught and taken away. Nobody just break into that. Until you give allowance for that to happen to you. We as God's people, God is so concerned about our life. I want to see us enjoy the fullness of him. He said that this is the victory that overcomes the world system. Our faith. And we don't know how to use our faith to communicate to our needs, we'll end up being enveloped with the worst way of communicating to their needs. A lot of people end up with a diverse attitude of doing things unrighteously. At the end of the day, when they get caught and are now in trouble, they're looking for a special kind of prayer or deliverance or answers to their needs. Because we're not using what we have to communicate to our needs. The Bible says in the book of Philemon, verse 6. **Philemon, verse 6.** The book of Philemon gospel is just before the book of Hebrews. **Verse 6** says, *“that the communication of your faith may become effectual by the acknowledging of every good thing done in you by Christ Jesus”*.

God wants our faith to communicate to our needs. God wants our faith to communicate to our needs. Let the communication of your faith be effectual. The word “effectual” means result orientated. Be productive. But it can only be productive if you come to a point of acknowledging what is that God has done for you in Christ Jesus.

What is that good thing that God has done for you in Christ Jesus? What is the basis of your faith? Anything outside that what Christ has allowed you to have is bondage. Like I always say, you can't just go and pick a new scripture from the old testament and apply it to the new testament. You have to find out if it's already fulfilled in Christ Jesus. You don't need that. Christ is the fulfilment of the law. He's the fulfilment of the prophet. He's the fulfilment of the Psalms. When you take Him, you've gotten everything. And when faith is built on Him in His time, it helps you to navigate the path of life while you breathe on the face of the earth. But if you don't understand that concept of God in that life, you will find during the day, you're looking for every other means to make life a living. And people enter into a craft of all sorts, but they feel that they have to be there because A is there, B is there, E has that style, G has that style. I have to do what they are doing. So, the Bible says this is the victory that will overcome the world system. And it comes by faith. And this faith needs to be communicated. You need to communicate your faith to have results. If you don't communicate your faith, you won't be productive. You won't be effective. And what you communicate might be as a result of what God has done in you. So one day, like the Bible reading we just read this morning, **Mark chapter 11, verse 12 to 14**, Jesus was passing by. He had to communicate his faith to his need. He looked at the tree. There was no food. Why are you so green? Why do you show you are thriving when you are not

fruitful? People put on dress. They look so powerful. You get intimidated by the kind of dress that put on ,But inside them, they are just empty. Just empty. The quality of life is so low. It's just a cover in their heart. God wants us to be so great inside out. So that when the enemy sees you, he is trapped by your presence. Because what is inside you is even greater than what is outside you. *For greater is he that is in you, 1 John 4, verse 14, than he those orders in the world. The greater one lives inside all. The greater one lives inside all. The life of the Christian is not a showcase. A mere showcase. It's the fullness of God that lives inside our being. The greater is he in us. Jesus said, how can you tree look so green, thriving? There's no sign of fruitfulness. I can't see anything that's produced, come out of you. You're not meant to be living, get off. He caused it, he spoke his faith to it. He compared his faith to it. And the next day, disciples saw from verse 20, their son said, *Master, the tree spoke to his death. Yes, the tree you commanded to die, died. He said, I know it. You have to have faith in God. You don't know what you have. You have faith in God. If you know what you are, and who you are, and what you have of God, you can't be intimidated or be enveloped by the things happening around you. But when you don't know who you are in the world, that you are God's ambassador, you are presenting heaven on earth, that you are here on earth to bring the heavenly vision into the earthly atmosphere, that you are here for a purpose. You're not limited by the affairs of the happiness around you. It will change the horizon, the way you think, the way you look at life, the way you do life, the way you relate to people. Because greater is he that is in you than he that is in the world. So, Jesus spoke to that tree. How come you are existing? You're not fruitful. You're not helpful to me. Sometimes you see some business. They look so gracious outside. Say, what a big company. When you walk inside, there's just an empty place. Nothing there to show God what the thing they are. God wants us to be**

productive. God wants us to thrive. God wants us to live the life of purpose. God wants us to be meaningful people. God wants us to be like that food. They have fulfilment in it. That is why greater one, we must know that the greater one lives inside us. And because he lives inside us, we can overcome the world. This is the victory to overcome the world. I have faith. I have faith in God. But that faith can only become effectual and result-orientated only when it's communicated. So, Jesus is a living proof of it. And he says, begin to say to us in that **Mark 11, verse 23**, say, *whosoever shall communicate to their needs, mountains are long-standing obstacles in our life or travel, in our journey of faith.*

The mountain could be job issues. The mountain could be marital issues. It could be children issues. It could be emotional issues. It can be a loss of a loved one. I just received a message from one of my daughters in the Lord. I said, I don't know what she's going through in her mind right now. Some people can be lost of your loved ones, a loss of your parents, a loss of your child, a loss of your brother, your sister, your relations, or your neighbour that you're so dear to. It could be what is the pain, is the mountain, is the pain. You can't move on. Some people can't move on at all when they are bereaved of a loved one. They remain static in their life. Some people cannot move on when they lose their job. They can't move on. Like that job has been all their life. And those things are things that God wants you to communicate to this morning to change the horizon of your life. Because greater is He that is in you than that mountain you are seeing. That's why I always say to people, when you pray as a child of God, what do you see? Are you seeing this thing, the mountain, or seeing the answer? When you pray, what do you see? As long as you see the answer, the mountain is meaningless. But as long as you see the mountain, you can't get the answer of victory. That's why our faith needs to communicate to our needs. Paradoxically, your own issue may be financial matters in life. Paradoxically, your own

issue may be issues that have to do with your loved ones, that have to do with events that happened to you in the past. The enemy is hunting you with your past. You must come to know that as a new creation, the past can't hold your future. Because if any man be in Christ, he's a new person. The old is gone. A new you is gone. A new you is gone. So, the idea that you are allowing the old things that happened to your life to affect your present indicates you have not realised how much great you are, how powerful you have become when you give your life to Lord Jesus Christ. Your past has no right. Except you give your past the permission to rule your life. Your past has no right over your life. Except, it permits your past to hunt you. The Holy Bible is said to us in that Hebrews we read. Chapter 4. It's said in that Hebrews. It said, we have a great high priest. The kind of high priest we have is the one that is taught without infirmity because he has experienced it. Jesus has experienced our pain, our trouble. The Bible said, so come boldly unto him that he may minister to us in time of need. Hebrews 4, verse 14-16. Saying then, verse 14, that we have a great high priest that is passed into heaven. Jesus the Son of God. Let us hold fast our profession, our confession, our communication. Hold fast. Hold fast. The communication of your faith. Hold fast the profession. Christianity was originally called great confession. Great confession. Broken to confess their faith. Not the confession of sin. But of their faith in God. Of their faith in the Lord. Of their faith in the power of God. Of their faith in what God can do. That was called great confession. That was what it was called. So the Bible said, hold fast the communication of your faith. Unwavering. In Isaiah, verse 15. God wants our faith to be result-orientated. So that's why we need to hold on to our faith in the Lord. To get the result we need as God's own people. So we can thrive as God's children.

So in that scripture, Christ was saying in that Mark 11. As I put them together. He said, that's **in Mark 11**. *For verily I say unto you, That whosoever shall say unto this mountain, Be thou removed, and be thou cast into the sea; and shall not doubt in his heart, but shall believe that those things which he saith shall come to pass; he shall have whatsoever he saith. But thou shalt believe that those things which he said. Or professed. Or confessed. Or declared. Shall come to pass. He shall have whatever he said. So, you will have whatever you say. He didn't say you shall have whatever you believe. But God wants to say what you believe. To get the result orientated. Therefore I say unto you. Whatever you deserve when you pray. Believe that you received them. And you shall have them.* Jesus communicated to the mountain. His mountain was like. He saw a food product tree. But there was no food in it. If you see an environment. What you don't enjoy. You don't like. Don't make it a part of you. Get rid of it. What you need may come into your life. Get rid of it. What you need may come into your life. Jesus shows us to speak to our mountains. Our mountains. If the food stuff you have you don't like. You throw it away.

Get a better one. Give joy to your life. Give peace to your life. You are the one who determines your happiness. And your joy. Through God's word. So, this morning. I want us to communicate to our needs. The Bible says in Romans 10. From verse 11 to 13. It says that God. Will not put us to shame. **Romans 10. 11 to 13**. Has to say to you and I this morning. It says from verse 11. For the scriptures say. *Whosoever believeth on him. Shall not be ashamed. But there is no difference between the Jew. And the Greek. For the same Lord over all is rich. Unto all that call upon him. For whosoever call upon the name of the Lord. Shall be saved.* Whosoever shall call the name of the Lord. Shall be saved. This word salvation. Is not speaking of being born again. It's talking about peace. Security. Abundance. Prosperity. Health. Life. Anything that has to be good in salvation. That's good

in our life. Abundance of salvation. It's not about being born again. Because Romans wasn't into sinners. It was into Christians. It says God is the God that brings you to shame. It can't be with God you live in shame. You live in embarrassment. It says God will not let it happen. It says that God is rich unto all. Who call upon his name. So, in Christ Jesus there is no Jew Or Greek or Bavarian. Or colour of any kind. It is you who determine your happiness. And your joy in the Lord. So we need to learn to communicate. Our faith to our needs. Whatever our needs are this morning. Going to know to profess your faith. What is your faith to profess. It's what Christ has done for you. Not any kind of things. It's not about positive thinking. People say just be positive. Don't just be positive. Speak positive. We don't just speak positive in the Christian faith. We speak the word of God. We speak the word of God. It's not about being positive. Positive of what? You are positive of what? You speak God's word. Hold fast your confession. Bible says in **Hebrews 10 verse 23**. *It says hold fast steadily your faith unwavering. Because faithful is he that promises. You speak forth the word of God. Speaking God's word back to God. Speaking back to God. This is what they say concerning me. I am petitioning you now in the name of Jesus even you God my father. That you say that by his stripes I am healed. Healing, health, come to my body. Come to my body. For you say in your word in **Philippians** that you will supply my needs according to your riches in glory by Christ Jesus. My need now is I need a loaf of bread. Or I need a car. Or I need a house. Or I need a spouse. Or I need children. Or I'm taking a journey. I'm travelling. I want an answer. You speak to your need. You communicate your faith. Faith in what? On the word of God. Faith is you declaring on what you believe that you have heard or read of God's word. And it might be within the concept of what Christ has done for you. He has promised to do for you and is doing in you and through you. That is how you walk and operate.*

Otherwise, you can't just pick anything from the Old Testament and start calling fire and brimstone because you want the miracle of God. Because today when people cannot put God's word together, they start looking for who to blame for their problems. That's what the word does. In the Christian faith the victory is your faith. Your faith is in the word of God. And that word of God is Christ. We are told in the scripture 1 John 5 verse 7 There are three that bear witness in the heaven. The Father, the Word and the Holy Spirit. And Jesus is the Word. We are told in the scripture of **John chapter 1 from verse 1 to 5 and 14.** *It says the beginning was the word Look at the article there. The world The person. It's a person. In the beginning was the world. The world was with God. The world was God. The world became flesh and dwelt among us.* The scripture tells us Jesus is the word. And until you personify him in you, it means nothing to you. And when that personification creates the consciousness of him to meet the needs of your life. So, your faith in the person of Jesus because when you read God's word. Just like Christ is physically present right now before you. When you have a need. Let's say your need is groceries. What do you think Christ will do? He is physically there with you. He will answer to your groceries. That is what his word is doing today. His word is his person. And when you can personify his word today in your life. That word is his person. Then what you have done for you physically. He was present with you physically. It's the ability the word has us to accomplish for you in the course of this journey. We shall give ourselves to the word of God. And the word of God will become creative for us. God's word is creative. One day God has a mountain. His mountain will come on and say what on earth I'm seeing? I can't see stars. I can't see light. I'm seeing darkness. I can't see trees. **Genesis chapter 1 verse 1. God** said in In verse 2 the earth was null and void. God said darkness. God said emptiness. God said emptiness. I can't live in emptiness. I want to create the atmosphere

I want to see. I want to create the world I want to see. And God began verse 3 to communicate to the atmosphere. Let there be light. Light became creative. Read from verse 31. Let there be. Let there be. God began to communicate what he needs. He began to speak to what he needs. What he needs. In verse 31. And he saw. He said let there be and he saw. What do you see when you speak? Prayer is communication with God. Prayer is communicating God's word back to God. When you speak the word, what do you see? It's what you see that you become. You become what you see. When you go to the shop you see dresses in display in some places. And an image is there with those dresses. Imagine yourself on that dress. You say I'm going to buy it. I want to have that look I saw in that image. So you are convinced to go and buy it. What picture do you see yourself in God's world when you communicate God's word? Picture yourself in that atmosphere. You become what you believe. You become what you see. So Jesus Christ said in Mark 11 He said Whosoever shall say to this mountain and shall not doubt in his or her heart but shall believe what he is saying like God believed what he was saying. He shall have whatsoever he said. God spoke. God saw. Begin to see what you are saying. Communicate your faith to your needs. Speak it in that way. If you see your wife as rubbish, you will see rubbish every single day. If you see your spouse as stupid you will see stupidity every single day. If you see your children as coconut you will see coconut head every day. But speak to see speak and see what you are speaking. Speak health, see health. Speak life, see life. Speak goodness, see goodness. Speak grace, see grace. Don't be saying in **Psalm 19 verse 14** *Let the words of my mouth and the meditation of my heart be acceptable in your sight.* What you say and what your heart believes is so important. You can't be saying, I just said I didn't believe it. No, you must say what you believe if you want the result to happen. Believe in your heart. Romans 10 verse 10 tells us. Imagine I

believe in the heart. As I declare with your mouth, possession has come. Salvation has come. When you believe in your heart and you are communicating in your heart what you believe in your heart you create an atmosphere for glory. To glow. To thrive. To live with purpose. To live with strength. To live with joy. To live with happiness. Today. God wants your heart to begin to change the way we communicate. The way we say things. The way we say things. Because your joy is in your communication. Your victory is in your communication. Your life is enveloped in the word of God. So I beg of us this morning you want to enjoy the goodness of God in your life. Change the way you speak. The Bible says in the scripture **Proverbs chapter 18 verse 20 and 21** *It says a man shall see good by the words of his lips.* You create the world you see by what you communicate. It says in that same proverb that you are snared by the words of your mouth and you are overtaken or win victory by what you say. Speak goodness. Speak health. Speak life to your being. That's why the Bible says when you speak it holds to it. Jesus spoke to that tree. Then he sent him to that tree but he heard to his word. Because after other days they passed through the road they saw that the trees had dried up. Then the man said Master this tree you spoke to had dried up. He said who have faith in God. The Bible said to you and I hold fast the profession of your faith. No matter how long it takes. One day one week, one month twenty years. What I know that the world of faith will never fail. It will always have results. The communication of your faith. The Bible says let it be effectual, result orientated productive. Because why? By the acknowledging of every good thing that God has spoken to you or done through Christ Jesus. God spoke to that tree. They didn't see it dried that day. But faith said it's dead. When they came back the other day the trees had dried up. Because why? He heard to his faith. He didn't doubt what he said. So, if you're not going to doubt in your prayers don't pray at all. If you believe in what you're going to

pray for, hold fast what you have prayed for. See the picture of the answer, not the mountain. You pray for health. Stop seeing that sickness. Stop describing the problem. Speak to it. Communicate to it. Don't say the thing have left my head its now in my footstool. It's now by my side. Stop describing your mountain. Speak to the mountain. Communicate to your need. Hold fast God's word to your need. An answer will come. Victory will come. Joy will come. That issue you told me about, how fast God has taken control. God has had to work about it. That thing we talked about after the prayer we prayed, I said I want to go and see one pastor for another prayer. I left there to see another pastor for a prayer. But I want to go and see that sister to join me to pray. And that person came and joined me to pray. I've been praying. I don't know what God is up to. The delay is too much. He started describing the problem. The thing I've left in my head is not on the leg. It's not on the knee. When you start describing, you don't give God permission to work for you. Because when you're in doubt of your belief, there's no result coming forth. God is a God of results. Communicate your faith to your needs. Communicate your faith to your need. **In Revelation chapter 5, we're told from verse 9 to 10, Christ has redeemed us.**

Those who were redeemed sang a new song. They sang a new song from every tribe and kindred and tongue and nations. Don't say you are limited because of where you come from or where you are born. We all read earlier in Romans 10 verse 12, God is rich unto all. You're not limited because of the colour of your skin. You're not limited because of where you are born or where you are born from. No, there's a reason and purpose of God for you where you were born. That family where you came through from God, there's a reason for it. You are a child who is an ambassador. There's a purpose for your life to fulfil in that environment. So, as many who are redeemed, they sang a new song. In that, verses

5, 9 to 10, they sang a new song. What song are you singing today? Song of joy or song of defeat? Song of love or song of failure? Song of happiness or song of peace? Song of defeat or song of shame? Song of embarrassment or song of triumph? What kind of song are you singing to yourself? What are you communicating with your mouth? What do you believe in your heart? God wants you to succeed. God wants you to succeed and thrive as a child and be happy. And as God's servant, I just also want you to thrive. I want you to enjoy the goodness of God about your life. You are God-made. You're not man-made. You are God's own. You're not man owned. That the greater God lives inside you or the greater is in you. Then he that is in the world. The excellent one lives inside you. The loving God lives inside you. The good God lives inside you. You should reproduce goodness. A lion don't give birth to a goat. Life will get black. You can't be God's own child and you're complaining like there's no hope in life. God wants you to be happy. So, today, change your language. Change your communication. Speak to that need in your life. That grocery you lack, speak about the grocery. That desire in your heart, speak, communicate to you with your faith. Faith on the Word of God. Faith in the Word of God. Faith is acting on what you believe of God's Word accordingly. Faith is acting on what you believe of God's Word accordingly. Belief is either what you hear or what you read. What are you feeding your spirit life with? What are you feeding your heart with? What are you giving your ears to? Bible says **in Proverbs chapter 4 verse 20 to 21, 32**, say incline your ears to God's sayings. It's your ears hearing what God is saying or your ears hearing what the world is saying or hearing what men are saying or what they are telling you your family hears in that moonlight, moonlight in the evening, family story that in the family nobody lived beyond 50 years or beyond 40 years in this family. Nobody grows rich. If you grow rich, you're going to die. So don't be rich, don't remain poor. It's what you hear in your family or

they're telling you no white man get to this point, no black man gets to this point. We have been told that because of the colour of your skin you have no future. Is that what you are hearing? I want you to begin to incline your ears to God's sayings. Because faith is acting on what you believe. What you believe is a result of what you hear. Belief is the conception of your hearing and of your reading. But faith is acting on that belief. Like Christ said, when you say speaking forth is acting on what you believe. Speaking forth is an act of faith. When you're speaking forth, communicating to your needs, you are creating the world you want to see. And God spoke and God saw. God spoke and God saw. I pray to them. May you speak, may you see. May you communicate, may you see as Christ did. So, whatever you desire this morning, Christ said, whatever you desire, when you pray, the prayer that means when you communicate to God and to that need, when you communicate that issue, God's prayer is not about talking to God, it's communion with God through his word, not in a vacuum, through his word. When you communicate with God, when you pray, whatever you desire, when you commune with God, communing by the word of God, the scripture says that you shall have your desire come to pass. Your desire shall come to pass. It's my prayer this morning, this wonderful Sunday morning, the last Sunday of the month of May, that you won't enter the month of June, that your language will change. You will speak forth in grace, in seasons. You speak well to yourself. Look up in the morning, look at the mirror and bless your head to toe. Speak life to your being. Speak health to your being. Speak goodness to your life. Speak joy to your being. If you have people that live around you, speak grace to them. Speak hope to them. Speak strength to them. Communicate life to them. Life begets life. Give life to them. Give grace to them. Give strength to them. Give grace to them. Communicate life to them. And if there's a need around you, speak to their need. They say, I have a need. What's the problem? Speak

grace to their need. Communicate your faith to their need. And Jesus did. He heard to his faith. The next day, what you said has come to pass. He said, I knew it. I wish also you also have the same knowing that you can have faith in God. Today, have faith in God. Faith in God is faith in his word. Not in faith in positive thinking. Not in faith in man speaking. Not in faith in anybody speaking for. But faith and the integrity of the word of God. Because the word of God is Jesus himself. Faith in the person of Jesus. That if he's present with you right now, whatever your needs are, he will answer it. He met those who are hungry, he gave them food to eat. Those who are sick, he healed their body. Those who are in captivity, he set them free. If his word is physically what he is today, he ever live it, make intercession for you and I. Go in grace this morning and the God of peace will be with you. In Jesus' great name we pray. Let us have a word of prayer right now. I just pray this morning by your grace. The word I brought; God may have you rooted in the life of your people. Amen. I just pray this morning that they will know to hold to your word. To communicate your faith into their situation. Say this is their victory to overcome the world. Even our faith. We are born for victory. We are made to live victoriously in the world as your ambassadors. I just pray that no ambassador will be crying when the sending country is there to help them. I just pray God that we will know who our God is ever ready to ensure us to live as his ambassador. He will back up with every amenity we need to function on the earth. I just pray this morning that we will learn to communicate to every mountain in our life, every valley. Let every valley be filled up, be exalted. Let every mountain become plain. Let every hill become plain. Let every crooked road become straight. Let every rough road become smooth to God. By the anointing of the Holy Spirit this morning through your word, may the hearer receive grace, receive strength, receive answers to their needs. May all the glory be yours. Thank you, Father, for these wonderful

services this morning. Bless your people. Bless them and let them know that you are their Father and their God. Answer them to the glory of your name. Jesus, thank you. Father God, you saw needs, you spoke forth, and you saw. May people begin to see their answers, not the questions or see the problems anymore.

To the glory of your name, through Jesus Christ our Lord. Amen.
